

GLIMPSES

Dear Readers,

We are back again with a new look of Glimpses, our monthly E Newsletter. As promised we bring to you glimpses of the excitement, fervor and preparation for our Founders day extravaganza which is an annual tradition in SelaQui. It all began after the conclusion of the half yearly examination. The stage was set, the practices for the Krishna play and the Annual Athletic meet as well as the exhibitions and the afternoon cultural show, all began in full earnest. Many a days we all were occupied till late evening , going to bed all drained and washed out, our feet aching, our minds exhausted but the goal was clearly defined– we shall put up the best for our parents. So enjoy the fun as we did. Happy viewing!
